RESPONSE UNDER 37 CFR 1.111

Technology Center 2100

Dear Sir:

In response to the Office Action of December 24, 2002, please amend this application as follows:

In the claims:

B1
1. (Currently amended) A method of maintaining a route table in a routing device, the route table including a plurality of routes between network devices in a network, the method comprising:
 registering a given set of routes of the plurality of routes between network devices in a network;
 determining if any of the routes in the given set of routes has changed; and
 listing data identifying each route in the given set of routes that has been determined to be changed.

B2
12. (Currently amended) An apparatus for maintaining a route table in a routing device, the route table including a plurality of routes between network devices in a network, the apparatus comprising:
 a registration module that registers a given set of routes of the plurality of routes between network devices in a network;
